***In a nutshell.....***

*Genesis offers an unforgettable snapshot of what a "normal" world looks like. Though you and I have never seen it just like this, we somehow know that this is the way our world was meant to be. The biblical story describes this world as a marvelous home prepared for humankind, a place in which men and women and children may live and thrive and enjoy the intimate presence and companionship of the Creator himself.*

*We are God's royal stewards, put here to develop the hidden potential in God's creation so that the whole of it may celebrate God's glory. Above all things, human caretakers are accountable to the divine Creator for the world entrusted to their care. Created in the 'image of God', we 'image' God in creation precisely as we develop its potential and cultivate its possibilities in agriculture, art, music, commerce, politics, scholarship, family life, church, leisure, and so on, in ways that honor God.*

**Main Ideas of "The Creation" (Genesis 1 -2:3), "True Story" pp 17-30**

- God created the supposed 'gods' of surrounding cultures (sun, moon, sea monsters), and thus is God of all. The Genesis creation story stands in sharp contrast to those of surrounding cultures
- We are created in the image of God, the 'masterpiece', yet this image has become defaced and deformed.
- Jesus is the "Second Adam"
- God has taken a personal interest in the 'goodness of all creation
